

APPENDIX A  
Chicago Department  
of Transportation  
LCTM Team

## **Chicago Department of Transportation – Division of Engineering LCTM Team**

### **Mr. Sean Guzik, P.E., Assistant Chief Engineer - Materials & Quality Assurance**

Mr. Guzik is the Assistant Chief Engineer responsible for Materials and Quality Assurance, and Section Head for the CDOT Quality Assurance Section. He will be the Technical Lead for the Chicago LCTM Initiative. Mr. Guzik has 20 years of experience in the civil engineering industry, the first 10 years working with consultant engineering firms performing design, construction management and infrastructure inspection roles, and the last 10 years have been with the Chicago Department of Transportation, the last 7 in his current role. Mr. Guzik leads a team of agency professionals and a Quality Program Management Consultant to support CDOT's quality program standards, which span across design and construction projects, construction materials and soils testing, coordination with consultants, contractors, city/state and sister agencies, City departments and utility companies performing work on CDOT infrastructure, software and document management, and standard operating procedures.

### **Mr. Scott Paloian, P.E., Materials Manager**

Mr. Paloian is the CDOT Quality Assurance Section's Materials Manager, responsible for review of material deficiencies, environmental testing, and overall management of CDOT's detailed design specifications and standard details. Mr. Paloian will be critical in coordinating specification additions and modifications to account for Low Carbon Transportation Materials.

### **Mr. Edwin Flores, P.E., Civil Engineer IV**

Mr. Edwin Flores is a civil engineer and project manager in CDOT Quality Assurance Section and will be responsible for compiling grant eligible expenses for agency and consultant personnel and coordinating with CDOT's Director of Grants Management.

### **Mr. Grant Davis, Director of Grants Management**

Mr. Davis is CDOT's Director of Grants Management and will be responsible for LCTM grant management and reimbursement efforts.
